

NEW LINE
PLANA CARIBE

Plana Caribe gives the plate room to breathe. A wide plating area frames food with clarity, while exclusive glazes and color pairings bring warmth and a fresh point of view to the table. Its low profile stacks efficiently and integrates easily across the Anfora portfolio, making Plana Caribe a smart way to refresh a tabletop without disrupting service flow. Generous, easy to handle, and built for daily use—a collection that performs as confidently as it presents.
